

NOW HIRING

Part Time Student Employment Adolescent Tobacco Use Prevention

STARTING SALARY: \$19 per hour

The Health Department utilizes student workers between the ages of 18 and 21 to assist in our ATUPA (Adolescent Tobacco Use Prevention Act) program. The student workers are paired with a team of experienced Public Health Sanitarians (Inspectors) to conduct undercover inspections for the purpose of ensuring compliance with laws restricting the purchase of tobacco products to minors.

As students are only eligible to participate in this program until the day prior to their 21st birthday, we have an ongoing need for eligible hourly student workers to replace those that age out.
